

	<b>LUCK Log Homes</b>					
	PREPARED: October, 2018					
	All deliveries should be pre-arranged. This is not a standing offer.					
	We will order deliveries when log inventory gets low.					
	<b>SPECIES</b>	<b>PRIME X</b>	<b>PRIME</b>	<b>#1</b>	<b>#2</b>	<b>#3</b>
	Ash	775	575	425	165	45
	Basswood	150	140	115	75	35
	Birch	350	275	175	65	35
	Cherry	1115	870	600	175	45
	Hickory	450	375	300	25	25
	Maple - Hard	920	700	500	165	60
	Maple - Soft	665	550	415	175	60
	Oak - Black	790	560	425	175	60
	Oak - Red	750	540	415	175	60
	Oak - White	825	580	440	175	45
	Poplar	340	280	230	90	35
	Walnut	1500	1100	775	235	160
Prime X:	15" and larger at small end, butt logs. 8' 6" and longer, straight and relatively free of defect. Ash, Hard Maple, and Soft Maple must be 50% white. Mineral is a defect in Red Oak.					
Prime:	14" and larger at small end, 8' 6" and longer. Longer and larger logs may contain some knots on one, or both, ends, but not on the same side, or one knot at least 6' from the ends.					
#1:	12" and larger at small end, 8' 6" and longer. Must have 3 clear faces, should yield 2/3 clear lumber. Clear 11" butt logs may make #1. Hard Maple and Soft Maple must be 50% white.					
#2:	10" and larger at small end, 8' 6" and longer. Must have the sum of 2 clear faces., should yield 50% clear lumber. 10" logs must be free of defect. Longer logs may have more defects but still must be at least 50% clear.					
#3:	10" and larger at small end, and/or less than the sum of 2 clear faces, but can still be put through the mill to produce low-grade lumber. These logs must be sound and straight.					
	<b><u>LOG SPECIFICATIONS</u></b>					
LENGTHS:	8' to 12' in even lengths, with minimum 6" trim. Max length is 12' 6"					
MAX DIAMETER:	Max diameter anywhere on the log is 24". Min diameter is 10".					
CUTTING:	Cut all logs straight, crooked logs will be downgraded, or not graded at all. Trim all stump flair, limbs, knots, and burls close to the log.					
SCALING:	Scribner Rule, inside the bark, using the average diameter of the small end of the log with allowance for crooks, rot, shake, etc...					
GRADING:	We will grade the logs using our discretion. Logs with evidence of metal will not be graded.
